

Mission Statement

Possehl Electronics

What we stand for:

As a globally active and resilient company, we are a reliable partner for our customers – with a local presence right on site.

Experienced and dedicated employees develop and manufacture high-precision lead frames and complex mechatronic components.

With the highest level of technological expertise, we create innovative, high-quality, and sustainable solutions that ensure our customers' success.

Our values:

Entrepreneurial

- Our customers are at the heart of everything we do.
- We act purposefully on the basis of measurable criteria, with a focus on sustainable economic success.
- In doing so, we take responsibility and are committed.
- We comply with all legal requirements.

Sustainable

- We are an innovative and attractive employer that promotes talent and creates an environment in which people can work with passion and responsibility.
- As One Company, we act together and across locations – united by shared values, goals, and a strong corporate culture.
- With a diversified product portfolio and sustainable thinking, we secure our future viability and create long-term added value for customers, employees, and society.

Diverse

- We treat each other, our employees, partners, and our environment with respect.
- Teamwork is our strength – together we achieve more through trust, openness, and cooperation.
- Integrity shapes our actions – we stand for honesty, fairness, and reliability.
